

**VIU Summer School**  
**Critical Infrastructure Resilience**  
**July 16 – 20, 2018**

**Mr Charles Baubion**  
**Policy Analyst in Risk Management OCDE**

Charles Baubion is a Policy Analyst in Risk Management at the Organisation for Economic Development and Cooperation (OECD). He supports the activities of the OECD High-Level Risk Forum in areas such as strategic crisis management and peer reviews of risk management policies. He currently works on evaluating the resilience policies of Paris region in case a major flood would happen. Hydrologist by training, Mr Baubion has been working on water resources management and risk management in Europe, China, North-Africa, and at the international level both on public policies and at the scientific/technical level. Before joining the OECD, he was working in the disaster risk management program of the World Meteorological Organisation. Mr. Baubion is a French national, he is a former alumni of Ecole Polytechnique in France and holds Master Degrees in Hydrology from Paris School of Mines and in Environment Management from Agro Paris Tech.
